

Product information

IT WORKS.

BALLISTOL BARBECUE CLEANER

Product Features

Powerful active foam that clings well to surfaces and cleans barbecue and grill leaving no residue

Special Features

- Strong grease-removal power
- Developed with barbecue professionals
- Readily biodegradable
- Extremely concentrated

Application / Practical Tips

Effortlessly removes burnt-on residue, fresh and dried-on grease and marinade residue

Also suitable for gas nozzles, stainless-steel covers, enamelled barbecue grills and plastic barbecue parts

If used regularly, the barbecue cleaner prevents stubborn dirt from developing, making cleaning easier
Spray surface – for heavy soiling leave to soak for 10 minutes and apply again as required – wipe off with a microfiber cloth and subsequently rinse with clean water

It is advisable to use rubber gloves

Available as

750 ml
5 litres

art.no.

25440
25441
